**Customer Problem Statement Template:**

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people

A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

| | | |
|---|---|---|
| **I am** | Describe customer with 3-4 key characteristics - *who are they?* | Describe the customer and their attributes here |
| **I'm trying to** | *List their outcome or "job" the care about - what are they trying to achieve?* | List the thing they are trying to achieve here |
| **but** | Describe what problems or barriers stand in the way – *what bothers them most?* | Describe the problems or barriers that get in the way here |
| **because** | Enter the "root cause" of why the problem or barrier exists – *what needs to be solved?* | Describe the reason the problems or barriers exist |
| **which makes me feel** | Describe the emotions from the customer's point of view – *how does it impact them emotionally?* | Describe the emotions the result from experiencing the problems or barriers |

# Customer Problem Statement

| Problem Statement | I am (Customer) | I'm trying to | But | Because | Which makes me feel |
|---|---|---|---|---|---|
| **PS-1** | An Employee | Request a standard laptop for my work | The request process is slow and involves multiple manual steps | Laptop requests, approvals, and procurement activities are handled separately | Frustrated and uncertain about my request status |
| **PS-2** | A Manager | Review and approve laptop requests quickly | I have to manually check request details and communicate with the employee | There is no automated approval workflow | Delayed and overloaded with repetitive tasks |
| **PS-3** | An IT Administrator | Process laptop requests efficiently | I need to manually validate requests, check availability, and create procurement tasks | The procurement process is not fully automated | Stressed and concerned about errors |
| **PS-4** | A Procurement Team Member | Process approved laptop orders on time | I may receive incomplete or delayed request information | Request and approval information is not automatically transferred to procurement | Delayed and inefficient |
| **PS-5** | An Employee | Track the progress of my laptop order | I do not always receive timely status updates | Order tracking and notifications are handled manually | Anxious and unsure about when I will receive the laptop |
